FANTOM EVOLUTION V1.0 TO V2.5

FANTOM-6 / FANTOM-7 / FANTOM-8

When we released the next-generation FANTOM in September 2019, it was just the beginning of a programme of continuous development to ensure we keep fulfilling the ever-changing needs and expectations of our customers. Just 18-months on with over 60 significant new features added, FANTOM continues to define the music composition platform arena.

Our commitment continues.
